

Flying Tigers Radio Control Model Club Minutes

Meeting date: Feb. 07, 2017

Location: Anne Grady Center, 1525 Eber Rd. Holland, OH 43528

Number of members in attendance: 28 Visitors: 1

Approval of minutes:

Motion was made, and seconded to approve the minutes of the January 03, 2017 meeting. Motion Carried

Officers' reports:

- **Commander**

I got a lot of stuff. The park passes were mailed out and you should have them by now. We will wait until May 1 and then verify everyone has one. The park pass does not have a hole in it and they want us to wear them. The rangers want to be able to see just the orange colored badge so a hole can be cut in the top to wear under your club badge. Put the hole on the end so the card is in the vertical position. That way it will stick out from under our card. If you see anyone flying at our field you without a card, should call the ranger. Again if you have a guest that wants to fly at the field, they will need a pass before they can fly. This can be done online or at the office. It is not necessary to be a member of our club to fly at the field, but all flyers must have a park pass.

I had a talk with Craig and we will need to meet again to see what events we are going to do. At this time we are a go for Aug 5, 6. On Saturday the 5, we will have a Float Fly at Wiregrass like we did last year. Then on Sunday the 6, we will have something planned at our field. At this time we applied for a TAG event on that day so that might happen and it will give us some extra money to help cover the cost. In any case the park wants us at Westwinds on Sunday. They will have extra staff on hand and provide a food truck. We will need some trainers so if you have one bring it with you. Then in the fall, Halloween, we are looking at a night fly.

Commander issued an Executive Order covering how we pay our mowing crew.

Anyone on the mowing crew will get their following year dues paid and will receive a \$100.00 gift card at the end of the mowing season. There will be 5 members on the mowing crew.

He was going to issue one for the Secretary and Treasurer as they have paid dues too, as he could not find anything in writing. It was thought this might be part of an old version of our By Laws so it was tabled for further investigation.

Heads up, the field and the pits are under water. If you want to fly, use floats. And take your boots.

- **Vice Commander**

During the half time show at the super bowl did you see all the drones in the beginning of the program? There were 300 computer controlled drones and, if needed, one human pilot. Does anyone have a 3D printer? He had Mike make him a tool to cut triangle balsa sticks.

There is an open scale contest at weak signals on July 7,8,9 If you have any questions, ask the VC.

- **Training**

Training will start up around May. If you were on the list last year you will need to sign up for this year's list. In the April meeting there will be some rules covering FPV flying presented to the membership as we are looking into having a FPV racing course at the flying field.

- **Treasurer**

Treasurer's report was not read.

- **Trustees**

Show and Tell:

Old business:

Just a reminder of the Toledo expo the weekend of April 7th. And on April 7th and 8th there will be a free indoor flying in the same location at current indoor flying. Indoor flying is still going on every other Saturday with the addition of a FOV course. Join the fun this coming Saturday.

New business:

We are changing the location of our meeting room. You may not realize the hassle there is getting the room ready for a meeting. It appears as though they feel what we pay for the use of this room is nothing more than a donation. Getting everything in place for our meeting can be frustrating to say the least.

Starting in March we will hold our meetings in the reception hall at Bunkers. Bunker's is located on Eber road just between the railroad tracks and Airport Road. The owner had stated that he will charge the same fee we currently pay to Anne Grady. It will be possible to have a beverage during the meeting. Not sure about food during the meeting at this moment. Two main doors on the south side of the building will be our entrance but it is possible to enter through the bar.

Adjournment: The meeting was adjourned at 7:30 PM.

C. Eugene Myers
Secretary
Flying Tigers R/C Model Club
