

# MINUTES

## Flying Tigers Radio Control Model Club

July 11, 2017 – 7:00 PM | Meeting called to order by Tom Kroggel

---

### In Attendance

---

Number of Members Present - 19

Visitors - 3

---

### Approval of Minutes

---

Motion made, seconded and approved to accept the minutes of July, 11 meeting as written.

---

### Officers' Reports

---

---

### Commander

---

Tom talked about a new guest that would like to join. Kenny Foss is a PPP member now (Public Pass Person) that has made many trips to the field and would like to become a member. He has AMA already and his park pass so we voted him in as a new member. We will make sure Hersch and Gene get all his info when they return off vacation. So welcome Kenny when you see him at the flying field.

Big thank you goes out to all the members who worked so hard for three days to put up the run stands. They look great. So for those who could not make it to put them up don't complain about them just tell the others thank you.

Had a conversation with Craig Elton today our park supervisor and he wants to help us expand usage of the park land. He approved our usage to set up a FPV course using the North tall grass area including the woods and the West tall grass area. In the coming weeks I will get with those who have interest in designing obstacles and the course lay out. Please contact me if you have any interest or knowledge in design of this project. We would want something that is not too cumbersome to move so the mowing crew can get in there in the fall. The objects would stay in place year around is my thought. He told me the park spent about \$2,000 in the material for the run up stands and they look great. He said to tell all the members nice job and well done.

---

### Vice Commander

---

John reminded everybody about the two upcoming events this weekend. On Saturday is the float fly at Wiregrass. Starting at 10:00 AM with pilots meeting at 9:00 AM. You should arrive at both events for both parks at 8:00 AM to get all the tents and tables set up and your airplane equipment. We do have retrieval boat donated for club use by John Walczak. No fee this year to fly off the water so bring your electric float plane or your electric boat and come out and relax for

the day. May want to bring your own lunch for Saturday and Sunday at the float fly & TAG event since the park may only have hot dogs.

The TAG event on Sunday at Westwinds field we always need helpers. So if you can and are available on Sunday then please come out and help. We have no hard jobs but just some jobs where the person needs to take a break now and then. Just show up on Sunday and we can find things for you to do. Remember parking is first come first serve so get there early.

---

### Training

---

Dave Beasley has soloed. Congratulations !!!!!

---

### Treasurer

---

Absent from meeting.

---

### Trustees

---

New hats are in and for sale \$15.00 ea. Also available at TnT Landing Gear during the week. Raffle tonight for hobby things. Monday morning group still meeting at the flying field at about 10:00 AM so come out and join the fun. Lots of flying and good helpful tips are discussed.

---

### Show and Tell

---

Nothing shown.

---

### Old Business

---

Looking for pilot for FPV rides for Sunday show. Would need extra set of goggles and a pilot and chair. Idea would be to give people a ride looking through the goggles. Contact Tom Kroggel if you can help with this idea for Sunday.

---

### New Business

---

Ask if we can replace windsock and ground crew said they would before Sunday.

---

### Adjournment

---

The meeting was adjourned at 8:00 PM Minutes taken by John Borton in the absence of the secretary.

C. Eugene Myers  
Secretary  
Flying Tigers R/C Model Club
