In Attendance

Number of Members Present - 21

Visitors - 1

Motion made, seconded and approved to accept the minutes of Aug. 01, 2017 meeting as written.

Officers' Reports

Commander

The AMA due date has changed to where The new members dues date will be the month they join instead of Dec 31. Gene will send a reminder if your date is almost here.

Since we talked last there were a lot of events that happened. A Float Fly, TAG event, an eclipse fly and a really good picnic. Thanks to all that made these successful especially the picnic as I was considering not having them. Question to the club, "Do you think there is anything we should drop, for an example the TAG event?" Unanswered. That being asked, the park was impressed with our TAG event. We are going to send the total cost to them so they can understand how much the club spent to put it on. They will reimburse at least \$350.00 and maybe more. The park admitted they blew it on advertising and this department has had changes to it. They want us to hold it again next year, but we will see how things turn out. It is hard to determine if this is a benefit to the club in gaining new members. Who knows how many will become members in the future from the last TAG. A question was raised, "Do we want to apply for a TAG grant again?" The membership is in agreement to try again next year with some additional rules put in place.

The last picnic will be the last Saturday of this month 30th. We will be having Chili. Bring some out and maybe just maybe we can have a chili cook off.

Vice Commander

Thank everyone that came out to our events the float fly was great this year. The park was very happy with the results of the float fly. The TAG went well with about 40 persons on the buddy box.

Training

Nothing to report

Treasurer

Treasurer's reports were read and accepted as read. (July and August)

Trustees

Elections are coming up in Nov. If you want to run for an office please let John Walzak know. We have hats for purchase at \$15.00 each. The Monday coffee at Panera still is a go. A number of members have Timber airplane. We will start a Timber Tuesdays at 2:00. If you have a Timber or a plane of that nature come out and join us. If there is enough interest in this we may make it sort of a fun fly. There will be a raffle after the meeting.

Show and Tell

Nothing to see

Old Business

John Walzak bought hats. If we sell about 50 more we will cover the expenses. As this was not in the budget we will need to move some monies to make everything correct. At present \$100.00 is budgeted for items of this nature and he spend quite a bit more than that. Motion to pay for current hats and add an additional \$300.00 failed. Motion to pay John what we owe him tonight and look at the budget next year for additional budgeting. Motion passed.

New Business

Jeff Reighard brought in a plaque for an IMAC event in Jackson MI.. Jeff finished first place in basic class. That is where you start and now he can move forward. Congratulations to Jeff. John Borton went to a Columbus scale event and came in first in designer scale. Congratulation to him.

We are looking at building an FPV course at our field. This would mean that the field may be used one day per weekend – afternoons, sometime next year. They will try to not interfere with other flying times.

Jeri (Metroparks) donated cookies as a thank you for what we did during the last events.

Adjournment

The meeting was adjourned at 8:00 PM

C. Eugene Myers
Secretary
Flying Tigers R/C Model Club
