

MINUTES

Flying Tigers Radio Control Model Club

Apr 3, 2017 – 7:00 PM | Meeting called to order by Tom Kroggel

In Attendance

Number of Members Present - 19

Visitors - 2

Secretary Minutes – Gene Myers

Motion made, seconded and approved to accept the minutes of Mar. 06, 2018 meeting as written.

Officers' Reports

Commander – Tom Kroggel

Not much is happening at the moment except for the show down town this weekend. We will not be doing the TAG event this year as we did not get any money from the AMA or the Metroparks. The fly in at Wiregrass is still a go. We may have the possibility of days this year. The dates will be announced at a later date. In addition we will have 2 night flights. These date will be determined. We will need to give the park some notice ahead of tome We will need some time so the park can bring the runway lights out and a fire ring with wood.

Vice Commander – John Borton

John is not here due to health issues. Keep him in your thoughts and prayers.

Training – Scott Arnett

No training scheduled, but will be on Wed evenings as in the past. If you are interested in being a trainer please let me know.

Treasurer – Herschel Feinblatt

Treasurer's report was read and accepted as read. The treasure presented the 2018 budget. Due to visitors at last month's meeting the budget was at that meeting. The budget was accepted as read.

Trustees

Will have a raffle after the meeting.

Show and Tell

Jeff talked about his annual trip and flying at Vegas. He said he went through 16 gallons of gasoline because he flew as much as possible.

Old Business

There was a short discussion on the need for the park pass. It was noted that if you notice anyone flying at our field don't get into a heated discussion but to just call the ranger and let him handle it.

New Business

Tom is working with Fred about having the park roll the field. At the present time it is way too wet. We have a slight mole issue and are looking at setting some traps to rid the field of them. A shovel is a good tool too. There is some damage on the north east of the field because someone drove on it. The park is going to repair the ruts.

Humbert wanted to know if anyone is using metal ammo cans to store batteries in. He has 6 or so to sell. He is asking for \$3.00 each and will bring them to the next meeting.

During the Weak Signal's show, the dome just east of Bass Pro will be open for indoor flying on Friday and Saturday nights from 6:30 to 11:00 PM. There is no cost to fly, however some great prizes will be raffled off to cover the cost of using the dome. There is no seating in the dome so you will need to bring your own folding chair to sit. Tables and electric will be provided. Kroggel is looking for additional help during these nights. Make plans to come out to fly, watch, and give Tom a hand.

To drive to the dome, at the light leading west to Bass Pro, turn east and the dome is on your left about half mile from the light.

Adjournment

The meeting was adjourned at 7:45 PM

C. Eugene Myers
