

MINUTES

Flying Tigers Radio Control Model Club

June 05, 2018 – 7:00 PM | Meeting called to order by Tom Kroggel

In Attendance

Number of Members Present - 24

Visitors - 3

Secretary Minutes – Gene Myers

Motion made, seconded and approved to accept the minutes of May 01, 2018 meeting as written.

Officers' Reports

I would like to extend a warm welcome to our newest member, Gregory Huber. If you see him at the field, please welcome him. His basic interest is flying FPV racing quads.

Commander – Tom Kroggel

If you did not make it to the picnic you missed a great one. There was some confusion if it was a go or not. But it happened and was well attended. We had shrimp cocktail, you missed out on that too.

There was an aviation expo by the Toledo Schools at the airport a while back and we used to be part of it. Tom asked them if we could be a part of that in the future and we are welcome to do so. We will make plans for next year. On May 23 we had several school kids from the Put in Bay school. It went very well and as a thank you, they sent us some pictures they drew of us flying. They were great pictures, and some were quite funny. Thanks to members who were at this event

Airport tower tour. This will take some time as they will only do 4 persons at a time. We have 24 people signed up, so it will take about 3 weeks to finish the tour. The tours will run Mon. thru Fri. between the hours of 8 to 5. They will begin in approximately 2 weeks. Tom will be working out a schedule and will need to know what days you cannot be part of the tour.

The next picnic is June 30th. Not sure there will be shrimp or fluff, but we will try. See you there.

Vice Commander – John Borton

Apologized for missing the last two meetings but he had some health issues. Thanks to all of those that participated in the last road clean up.

Training – Scott Arnett

At this time we have 2 trainees. If you want training or are interested in being a trainer, let Scott Know. Training is still on Wed. starting at 5:00 P.M.

Treasurer – Herschel Feinblatt

Treasurer's report for May was read and accepted as read.

Trustees

Will have a raffle after the meeting.

Show and Tell

Nothing to see

Old Business

The float fly will be on June 23 at Wiregrass Metropark. We have the pass from the park so we are set to go. Flying will start at 9:00 A.M. but plan on being early, 8 o'clock, to set up tables and canopies. At this time, we do not know if the boat club will be there, but if you have an electric powered R/C watercraft you are welcome to bring it and motor around the lake.

New Business

Terry discussed cutting the cleats off one of the tractor tires and we will need some help to do this. Those cleats must go to use the tractor on the runway to roll the field. It is almost too late to roll the field as it is drying out, so it is imperative this be done soon. We would like to do this by this weekend, so volunteers are needed. In the mean time a member offered his jeep to pull the roller.

Thanks to Lenny for painting the benches.

Ray would give a report on an app on your cell phone called Windy. It gives data about the wind conditions.

Three members went to the Horizon Fly-in. It was in Chaplain III. at Eli field. It covered everything RC from planes to tractor pulling. They had planes on site for visitors to fly and then had some of the best pilots fly demonstration flights. They plan on going to next year's event so if you are interested let Ray Foley know. Also, Flight Test will be having a summer fly-in. If anyone is interested in going contact Ray Foley.

The Weak Signals is hosting their Great Lakes Classic Scale Meet on July 6 -8 at their flying field on Temperance Mi. If you are interested in going contact John Borton.

Last Tuesday a flyboy came across the field quite low. They come up fast so be aware of them.

We had 4 individuals visit our field this past week from the airport tower. They said there is not a problem with us being there and said if an aircraft comes across our field low enough to hit our planes, the pilot has bailed out already.

Adjournment

The meeting was adjourned at 7:50 PM

C. Eugene Myers

Secretary

Flying Tigers R/C Model Club
